The factor that separates the winners from the losers, the successful and the failures, the survivors from the others.' (Zachman, 1996, p. 2) The author Zachman (1996, p. 7) emphasises in his article the growing significance of IT architecture for modern enterprises. According to Zachman (1996, p. 1) IT architecture aligns business strategy with information technology and enables the achievement of business goals. Therefore, an efficient IT architecture is a key factor for companies which are faced with increasing changing markets and shorter product life cycles. In contrast to that, an estimated 68% of corporate IT projects are neither on time nor on budget and they don't deliver the original stated business goals (Jeffery & Leliveld, 2004). Regarding Fairbanks (2010, p. 8) a major cause for this is an insufficient risk management in...
