Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

Createspace, United States, 2012. Paperback. Book Condition: New. Mark E Stevens (illustrator). 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.It started at birth when a doctor left an indentation on Alan Felyk s forehead with his forceps. Yes, Damaged Right Out Of The Box . . . It was the beginning of an ordinary life that was often blended with the improbable. The result is a sometimes hilarious, sometimes wistful personal experiences book that discusses survival despite asbestos, radioactive particles, talcum powder bombs, a butt-crack abscess, quadruple coronary bypass surgery, and women . . . not necessarily in that order of importance. Jobs such as a groundskeeper, ditch digger, road crew member, waiter, surveyor, houseboy, and taxi driver provided a perfect background for his career in journalism. As a writer/editor, he left Walter Cronkite on hold, covered a vice presidential speech while stoned, and helped get Clive Cussler fired. He has found love on the floor of a grade-school coat closet, in the bushes of a college dormitory, and draped over a toilet seat. And somewhere among the distant stars his name could still be aboard an ill-fated spacecraft that may have sailed past Mars. Don t leave hot coffee on the dashboard for this one-Felyk s book is a rapid stop-and-go ride that spans more than six decades of laughs, misadventures, and bittersweetness.
