Reviews

This is actually the greatest publication i have go through right up until now. I really could comprehended every little thing using this composed e book. I realized this book from my i and dad advised this ebook to learn.

(Jimmie Schmidt I)

STUMBLING ON HAPPINESS

HarperCollins Publishers. Paperback. Book Condition: new. BRAND NEW, Stumbling on Happiness, Daniel Gilbert, In this fascinating and often hilarious work - winner of the Royal Society of Science Prize 2007 - pre-eminent psychologist Daniel Gilbert shows how - and why - the majority of us have no idea how to make ourselves happy. We all want to be happy, but do we know how? When it comes to improving tomorrow at the expense of today, we're terrible at predicting how to please our future selves. In 'Stumbling on Happiness' Professor Daniel Gilbert combines psychology, neuroscience, economics and philosophy with irrepressible wit to describe how the human brain imagines its future - and how well (or badly) it predicts what it will enjoy. Revealing some of the amazing secrets of human motivation, he also answers thought-provoking questions - why do dining companions order different meals instead of getting what they want? Why are shoppers happier when they can't get refunds? And why are couples less satisfied after having children while insisting that their kids are a source of joy?.
