Reviews

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Self-closing Door For Pigpen.--A warm dry pen is necessary for the health and comfort of a pig. Cold and damp induce more diseases than are charged to these causes. Neither the winter snow nor the spring and summer rains should be allowed to beat into the pen. But the difficulty is to have a door that will shut of itself and can be opened by the animals whenever they desire. The engraving, figure 123, shows a door of this kind that can be applied to any pen, at least any to which a door can be affixed at all. It is hung on hooks and staples to the lintel of the doorway, and swinging either way allows the inmates of the pen to go out or in, as they please--closing after them. If the door is intended to fit closely, leather strips two inches wide should be nailed around the frame of the doorway, then as the door closes it presses tightly against these strips. A Swinging Door For A Piggery.--The illustration, figure 124, is of a swinging door for a piggery, which is intended to be used together in connection with a feed trough. The engraving shows a portion of the front wall, or partition of the pen. The door is hung upon hickory pins set into the frame, one upon each side. It may be easily swung back, so as to permit access to the trough for pouring food into it, and...
