The Oxford Handbook of Sports Economics: v. 1 2

By -

Oxford University Press Inc, United States, 2012. Multiple copy pack. Book Condition: New. 254 x 188 mm. Language: English . Brand New Book. Stephen Shmanske and Leo Kahane have brought together nearly all of the important authors in the quickly growing field of Sports Economics to contribute chapters to this two-volume set. The result is truly informative in its content and path breaking in its importance to the field. Anyone contemplating research in the field of sports economics will find the works in these volumes to provide both ample background in subject after subject and numerous suggestions for future avenues of research. The editors have recognized two ways that economics and sports interact. First, economic analysis has helped everyone understand many of the peculiar institutions in sports. And second, quality data about individual productivity, salaries, career histories, teamwork, and managerial behavior has helped economists study topics as varied as the economics of discrimination, salary dispersion, and antitrust policy. These two themes of economics helping sports and sports helping economics provide the organizational structure to the two-volume set. The reader will find that sports economists employ or comment on practically every field in economics. Labor Economics comes into play in the...
